SOCIAL DIMENSIONS OF EDUCATION POLICY

Teacher responsible: E. Prokou

compulsory (C) or selection (S) course	year	winter (W) or spring (S) semester
S	3rd	S

The aim of the course is to introduce students to the nature of education policy and to the conceptual tools for its analysis and interpretation. Emphasis is placed on the critical analysis of education policy issues against the wider social, economic, political and cultural framework. The relation between education policies and state / society is explored, and the extent to which education policy can act as social policy is examined. The education policy of international organisations, with special emphasis on the European Union's education policy, is also approached.
