

**510145**

**SOCIOLOGY OF WORK I: INDUSTRIAL PRODUCTION AND ORGANISATION**

**Teacher responsible: I. Psimmenos**

compulsory (C) or selection (S) course	year	winter (W) or spring (S) semester
S	3rd	W

The course is designed to introduce students to mainstream sociological ideas and research concerning social stratification and power relations of workers in industry. The main areas covered are sociological analysis of work and industry, industrial society, orientations to work, occupations, culture and occupational communities. Particular emphasis is paid to the heavy and service industries.
